**Supplemental Information Disclosure Statement**

Sir:

Applicants are submitting a supplemental information disclosure statement. This statement lists certain new references and certain references which were disclosed previously. Four of these references are being resubmitted because although the correct documents were sent in March 2005 and appear on PAIR, there were typographical errors in the corresponding bibliographic details on the SB08. Applicants wish the correct bibliographic details to appear on the front page of any patent resulting from this application.

Specifically the following errors have been corrected:

- 1) JP 2001247565 was incorrectly listed as JP021247565. The Applicant should have been listed as Pfizer Prod Inc. The correct publication date is 11<sup>th</sup> September 2001. Applicants are submitting both the JP application and an English abstract at this time.
- 2) J Het Chem, (1974), 11(2), 143-150 - the journal title was missing from the SB08.
- 3) Teague et al, Diabetes, Vol 53 supp 2, A365, 1521-P - on the SB08 suppl 1 was listed instead of 2. The year was also missing.
- 4) Vertigan et al, Diabetologia, vol 47, supp 1, A214, 589 - The journal was listed as Diabetes instead of Diabetologia. The year was also missing.

Furthermore, attached to the notice of allowance dated 04/05/2006 the Examiner had included an annotated SB08 indicating that he had considered some of references listed, but some references had been crossed off the SB08. Applicants telephoned the Examiner on the 11<sup>th</sup> April and understand that these had been crossed off because Applicants had failed to indicate the year of the reference on the SB08. Applicants are resubmitting these references at this time (two of which are 3) and 4) above) and are re-listing them with their years indicated.

The Examiner is respectfully requested to consider the foregoing information in relation to this application and indicate that each reference was considered by returning a copy of the initialed SB08.

Respectfully submitted,

/Lucy Padget/
